GE 23/3 PP

Immersion assembly for max. 3 sensors (pH, ORP and/or temperature sensors) in tanks or basins.

Advantages

> Protection of the sensors by protective cage
> Easy fastening by pipe clamps or angle bracket
> Installation set for KCl-vessel available

Technical data

Ambient conditions

> Temperature: Max. 90 °C

Mechanical construction

> Material: PP
> Dimensions: See dimensional drawing

Articlenumber:

36510012K, Type: GE 23/3 PP,
Description: For max. 3 sensors, PP
